

College of Insurance
Insurance Institute of India, Mumbai
Two Days' Workshop on the Insurance Needs of the Construction Industry
Program ID: CPS5
(From: 30th November to 01st December, 2018)

Relevance of the Program:-

With the increased impetus given by the central government on development, residential housing and 'Make in India' initiatives, the construction industry in the country has become quite active in recent times.

The projects have become more complicated with better technology, round the clock working situations, tighter deadlines, sophisticated equipments and many mechanical operations getting replaced by newer technologies. It has become increasingly challenging for insurers to understand the diverse risks that the construction industry is exposed to.

Program Objective:-

The two day workshop intends to highlight the specific risk exposures of the construction industry and understand to what extent insurance policies available in the Indian market can take care of them. The program would also give insights on the special covers required by the industry as well as glimpses of solutions available from other markets, the Issues and Challenges faced by the construction industry during claims settlement the kind of liabilities which can arise and the role of risk management to reduce risk exposure.

Participant Profile:-

Insurance buyers, risk managers, agents, brokers, underwriters, adjusters, attorneys, and professionals from the construction industry and others who need to understand mitigate, or insure the complex exposures in the construction industry.

Timing : 10.00 a.m. to 05.00 p.m.

Program Duration: - 2 days from 30th November to 01st December, 2018
