INSURANCE INSTITUTE OF INDIA, MUMBAI
Motor Insurance (Own Damage) Workshop
Program ID: - CPG25
(From: 26th to 29th November, 2018)

Relevance of the Program:-

Motor Insurance is the highest premium-earning segment of the general insurance industry. It is definitely one of the most challenging areas as well. Though many companies are complacent regarding the Own Damage segment, we understand that this is one area where insurers need to constantly learn and relearn. New types of vehicles, new technologies, new requirements of the market, new distribution and underwriting challenges, new types of frauds and employing of new technologies for loss assessment are making motor insurance more and more challenging day by day. Though there is no off-the-shelf solution to all these challenges, the College of Insurance implicitly recognizes that the Indian Motor insurance industry needs leaders who can change with the times, innovate and make their companies ready to face every challenge that the market poses.

The Program is designed to provide an in-depth understanding of all relevant market factors and equip them to take informed decisions for improving the bottom lines of their companies' balance sheets.

- ✓ Appreciate the environment in which Motor insurers are operating today
