

College of Insurance
Insurance Institute of India, Mumbai
International Program – Reinsurance Management
Program ID: IPG9
(From: 24th to 29th June, 2019)

Relevance of the Program:-

The devastating effects of natural catastrophe like earthquakes, tsunamis, floods etc. in different parts of the world, over the last few years and their impact on the domestic and international insurance / reinsurance markets has made it imperative for insurance executives at various levels to develop advanced skills and be updated with newly emerging concepts, trends and practices of reinsurance business.

Along with traditional practices of managing reinsurance, the insurance executives today are required to be up-to-date with emerging ideas in respect of reinsurance markets, controlling accumulations, financial security, Alternative Risk Transfer mechanisms, other issues critical to handling reinsurance business, including the use of information technology for appropriate reinsurance decisions. Recognizing this market requirement of executives of insurance companies of global markets, Insurance Institute of India has developed a special “International Program on Reinsurance Management”.

Program Objective:-

- To update the participants’ concepts and understanding of all aspects surrounding the management of reinsurance portfolio in a insurance company
- To revisit the historical background and overview of recent trends and practices and regulatory environment in reinsurance
- To understand the special characteristics of international reinsurance markets and Pools
- Familiarisation with all essentials needed in fixing retentions
- To enhance their skills to design a reinsurance Program
- Understanding the significance and importance of Reinsurance Financial Security
- To develop skills for effective placement and distribution of reinsurance in domestic and international markets
