

## Virtual Training Session for Women Executives (CVT-WE) – 5<sup>th</sup>- 6<sup>th</sup> November, 2020

The Insurance industry has been increasingly employing women. In a once male dominated industry where many women executives had relatively subdued roles, today, women executives are increasingly making their mark and rising to the highest levels in the organizational hierarchy.

Women executives have always had multiple commitments to the nuclear and larger family, more so in India due to social expectations, due to which many of them are constrained to compromise on their career aspirations and personal ambitions.

In the modern day scenario, the job content and organizational dynamics are increasingly becoming complex on the one hand. On the other hand, parenting, home management and social commitments have also become more and more challenging making it all the more difficult for women executives to juggle their life between the home and the work place. Challenges are many and of multifarious types, making woman executives' role all the more complex and stressful.

College of Insurance has designed this programme to cater to the special needs of women executives working in the insurance industry and empower them to become better leaders. COI has created '**Virtual Training (CVT) Rooms**' as a cost-effective mechanism for participants to equip themselves academically at their respective locations.

### Programme Content:

- ✓ Work-Life balance
- ✓ Stress management
- ✓ Women rights and protection against sexual harassment at workplace
- ✓ Leadership and team building
- ✓ Goal-setting and time management
- ✓ Decision making through structured thinking and problem solving

Leadership Programme for Women Executives of 2 days is designed to enable women executives to blossom into powerful leaders.
