

**College of Insurance
Insurance Institute of India, Mumbai
Liability Insurance - Financial Lines
Program ID: CPG22
(From: 01st to 02nd December, 2020)**

Relevance of the Program:-

Insurance acts as a safety net and protects the insured from various issues that may arise during the normal course of business. While Property and Marine insurances focus mainly on first party losses to insurance buyers, Liability Insurance protects them from financial losses. Such losses can be caused by one's action, inaction or even through one's belongings and can result in bodily injury, death or financial loss to another party. In short, Liability insurance policies protect the insured from legal payouts and costs for which she or he is deemed to be responsible. The Liability line of products are broadly divided as Casualty line and financial line. The Financial Line broadly consists of all Liability products which cover financial loss and related expenses.

In this background, the College of Insurance has designed this program to provide insurers with a strong theoretical framework on the popular Financial Liability Insurance products in the Indian market, viz.
