

**College of Insurance
Insurance Institute of India, Mumbai
Happy Retirement
Program ID: CPC12
(From: 07th to 08th December, 2020)**

Relevance of the Program:-

Both Recruitment and Retirement are two very vital roles for the corporate HRM team. The best organisations always have a faith that their retiring employees leave the organisation as a role model. It is possible, when they go happy with skills of facing their second phase of life.

Most of us already have a fair idea of how we would like to spend our retirement, finances permitting. So what is Happy Retirement pre training, and why is it necessary?

It is a program for people who are approaching retirement to start to think about how they will spend their time productively so that they can enjoy it and feel fulfilled. They receive input from a facilitator, share thoughts and ideas and leave with some structure around which they can do their own retirement planning.

Not only does it help boost the morale among the workforce, but it also contributes to our sense of valuing employees and recognizing their worth at every stage. Employees leave with a positive sense of the organisation, which is really important to any organisation.

Courses are typically offered as part of an employee benefits package and take place over to three days, Most courses cover all the key issues facing employees who may be about to retire. These include work options, health and wellbeing, financial planning and legal matters and the general impact of retirement on the retiree and their friends and family.

Solutions are offered by doctors, counselors, advocates and experts from their area of expertise.

Participants are encouraged to think more about doing something productive in their later years. Their transferable skills can be used both now and in the future in paid or voluntary work after retirement.

We believe that offering support to employees in their later years is good for both the employee and the employer.

Program Objective:-

The program is intended to make employees retirement ready. The retiring employees shall be taught to maintained retirement funds, good health, active and smart in their lean period of life.
