

College of Insurance
Insurance Institute of India, Mumbai
Advanced Program for Young Leaders (Life and General)
Program ID: CPG24
(From: 09th to 11th December, 2019)

Relevance of the Program:-

Over the last decade, a number of young people have joined the life and general insurance industries at various executive and managerial positions. A decade of experience in managing various functions has perhaps helped to hone their technical knowledge and skills and enhanced their competencies towards discharging their roles more efficiently.

In recent decades, the industry has been witnessing marked changes, ushered in by technology and changing customer expectations, as much as by regulation and market competition. Insurance enterprises are ultimately holistic systems that would need to learn, unlearn and transform if they are to embrace the future. Sustainability may be a major challenge in the next two to three decades, and it may call for experimenting with and adopting very different perspectives, concepts and practices. The leaders of tomorrow may need to grapple with issues that are quite different from what is faced today.

The program for young executives is designed to help organisations in grooming and preparing their young executives to understand and anticipate these challenges of leadership in coming years.

Program Objective:-

Participants of the program would understand and get insights on

- Current and emerging challenges in the life insurance market environment
- An integrated perspective on the elements of Customer value in life insurance
- Capital and profits – a perspective on the financial management of a life office, including the actuarial control cycle
- Winning and keeping customers – key insights from best practices
