

Virtual Training Session - New Trends in Health Insurance Program ID – CPG5 (On 21st April 2023)

Insurance companies worldwide dealing with Health insurance have been trying to adapt to the market changes caused by the pandemic situation that lasted for two years. Though there is an increased awareness and new found willingness to buy Health insurance, their expectations from insurance have greatly changed. In this scenario, attracting and retaining customers have become more challenging than ever.

Insurers have accelerated their plans for adopting digitization and new technologies, which has dramatically changed the landscape for everyone. Major Health insurance companies have considered adoption of new technologies like 5-G integration with various healthcare applications including artificial intelligence, telemedicine, robotic surgery for some complex procedures, wellness initiatives, personalized healthcare, usage of wearable medical devices, tele-health services, remote Healthcare through Virtual Hospitals, etc., in essence, changing the way Health insurance had been working in the past several years.

COI has created '**Virtual Training (CVT) Rooms**' to conduct training program in a cost-effective manner for participants to equip themselves academically at their respective locations. The above virtual program of one day duration will impart knowledge in the relevant areas on New Trends in Health Insurance.
