

**College of Insurance
Insurance Institute of India, Mumbai
Engineering Projects Insurance
Program ID: CPG21
(From: 23rd to 25th November, 2020)**

Relevance of the Program:-

Extensive risks are involved in major construction and erection of any infrastructure. Large size privately funded infrastructure projects require risk management approach to suit the specific needs of project sponsors and financiers. Insurance policy is popularly used as one of the tool for the same. On construction/ erection sites, external factors like natural hazards or fire risks can exacerbate the risk exposure in addition to the risk posed by the construction/ erection activities.

Recognizing this requirement of the market, the College of Insurance has developed a specific course on engineering project insurance intended for those engaged in providing a variety of insurance services in this area.

Program Objective:-

- Revisiting the basics of Various Engineering insurance policies such as CAR, EAR, ALOP
- Critical appreciation of policy wordings and add on covers
- Understanding issues and challenges in underwriting and claims management of Project policies
- Understanding reinsurance aspects relating to Project insurance policies,
- Deliberation on case studies on actual losses in project insurance policies.

Participant Profile:-

The program is specifically designed for insurance company executives in the middle management level from the underwriting and claims departments, engineers, brokers, and loss adjustors who have exposure to Engineering insurance policies and for those interested in working in the Engineering insurance departments.
