

**Insurance Institute of India,
College of Insurance, Mumbai
Classroom Training Session on Cyber Liability and Crime
Insurance (CT-CL&CI) – Program ID – CPG9
(From: 21st to 22th June, 2022)**

Relevance of the Program:-

With the omnipresence of technology in the business world, most corporates and industries have improved their technological capabilities and their speed of response to Cyber issues. However, technology has brought its own challenges. Security of information and data is becoming one of the most important spokes of the Enterprise Risk Management wheel.

Data which is the new oil on which the industry is running, can be compromised and the entire organization can be brought to a standstill position by a technology breach. A lot of precautions are taken to keep data secure and safe. But, despite these efforts, unforeseen events can happen. Hence understanding Cyber Risk exposure and Cyber Risk Management have become very important functions for risk managers as well as risk management solution providers. Today, it is very important for all insurers and insured to understand Cyber Risk exposures and the entailing liabilities that can arise from it.

With this background, the College of Insurance aims to provide insurers with a strong theoretical framework on Cybercrime and related liabilities to bring in a higher level of professionalism in their work.

Program Content:-

The program is designed to enable participants to understand:

- Why cyber risk is becoming important
- Appreciate the difference between Cyber insurance and Crime insurance
- Issues and challenges in underwriting Cyber liability policy
- Understanding the challenges faced in claims settlement
- Legal aspects of Cyber crime

Participant's Profile:-

The course is designed for practitioners in insurance, information technology and related areas, working in the marketing and technical departments of various insurance and broking companies and in related areas, insurance buyers and risk managers of corporates.
