(From: 04th to 06th November, 2019)

Relevance of the Program:-

The financial sector has become more and more challenging in recent times with the country working closer with the global community. Changes happening worldwide are constantly capturing the attention of Indian regulators and due care is being taken so the Indian industry has its share of learning from happenings elsewhere on the globe.

Insurance professionals, like their counterparts in the financial sector, have to keep their knowledge of the changing regulatory requirements updated. Those involved in governance and compliance functions need to know this as part of their job requirement. However, to perform efficiently and to ensure that the spirit of the regulations are not lost under the monotony and routine nature of mandatory compliances, they need to appreciate the philosophy behind the regulations, widen their awareness of international trends and develop perspectives to ensure proper application of their knowledge to local realities.

To address this challenge, Institute of Company Secretaries of India (ICSI) and Insurance Institute of India (III) have joined hands to create an academic course to create expertise in regulatory compliance in the Insurance industry.
