

**Insurance Institute of India,
College of Insurance, Kolkata**
**Classroom Training Session on Introduction to Fire Insurance
(in a comprehensive way) (CT-IFI) – Program ID – CPG4
(From: 30th to 31st May, 2022)**

Relevance of the Program:-

Fire Insurance is one of the fundamental Branches of General Insurance. It is used to be the most profitable portfolio in India. But this portfolio has experienced drastic downturn in the recent past. However, downturn has been reversed to some extent due to intervention of Reinsurer supported by IIB's Statistical data. In addition to the market competition, the absence of properly qualified manpower in the field of Fire Insurance has also contributed to the downtrend. Insurance Companies, Brokers, IMF and other stakeholders are recruiting new manpower and are deploying them in the field for marketing of Fire Insurance or settlement of fire claims without proper knowledge or understanding of Fire Insurance. Another aspect impacting the portfolio is that the Regulator has also introduced standard products on Fire Insurance by de-tariffing Fire Insurance.

Keeping in view of the above facts, College of Insurance has devised the above program for two days to impart knowledge in the relevant areas to make the subject easily understood by the participants.

Program Objectives:-

The Program is of two days duration. It aims at making the participants aware of–

- Various types of Fire Policies and their applications
- Standard Fire policies introduced by IRDAI
- Understanding various “ADD ONs” and their implications
- IAR and Mega Policies
- Underwriting philosophy
- Claim procedure

Participant's Profile:-

The Program is designed for Executives from Insurance Companies, Brokers, IMF, Surveyors and Customers.
