

Virtual Training Session on Regulatory Compliance for Insurance Brokers (CVT – RCIB) 28th September, 2020

Insurance Brokers are often sandwiched between the increasing aspirations of insurance customers and the market pressures faced by insurance companies. Competition is widening the scope of insurance and reducing the premium levels on the one hand, while on the other, underwriting profits are reducing and claims amounts are increasing. In order to perform their role as representatives of the insured and live up to the trust that they enjoy from insurers, Insurance Brokers need to

appreciate the changes in the market and the changes in the regulatory scenario. This situation calls for a better appreciation of prudential norms in business, a deeper understanding of insurance regulations and a meticulous alignment of operations to the core values and internal norms of the organizations concerned, including the broking company.

The College of Insurance (COI) attempts to address this need of the Indian market through the 'Regulatory Compliance for Brokers' (RCB) Program. COI-RCB is specifically designed to sensitize senior officers of Broking Houses and those handling compliance functions in the Insurance Broking industry.

COI has created '**Virtual Training (CVT) Rooms**' as a cost-effective mechanism for participants to equip themselves academically at their respective locations.
