

## Virtual Training Session on Motor OD Insurance - Underwriting (CVT – MODI) 3<sup>rd</sup> – 4<sup>th</sup> November, 2020

Motor Insurance as a general insurance product line brings in the highest percentage of premium to the industry. However, Motor Insurance brings a lot of challenges along with it. It is the fastest evolving insurance with changing regulations and technologies. Over a period of time IRDAI has created various working groups to assess and recommend how to simplify the product to make it more customer friendly. With the recent changes in MV Act there is an endeavor to link it with Insurance to make it more holistic.

In this workshop we aim to bring together all stakeholders to have a thorough discussion on the challenges faced by customers and insurers in understanding and implementing the changes ahead and the best way forward to ensure that no vehicle remains uninsured.

COI has created '**Virtual Training (CVT) Rooms**' as a cost-effective mechanism for participants to equip themselves academically at their respective locations.

The programme is designed to enable participants to:

- ❖ Appreciate the regulations in which Motor insurers are operating today
- ❖ Understanding the different OD products offered and the changes made.
- ❖ Comprehending the relevance of the coverage and conditions
- ❖ Better understanding of the MV Act and its impact on Insurance.
- ❖ Analyze the role of the OD Underwriter
