

Virtual Training Session on Compliance, Governance and Risk Management in Insurance (CVT – IRCC) – Program ID – CPC10 – (From 16th- 18th November, 2022)

Regulatory Compliances and Governance have become more and more challenging in recent times for the financial sector with the country working closer with the global community. Changes happening worldwide are constantly capturing the attention of the Indian Insurance Market and Regulators. Due care is being taken by them so that the Indian industry learns from happenings around the globe.

Insurance professionals, like their counterparts in the financial sector, have to keep their knowledge of the changing regulatory requirements updated. Those involved in governance and compliance functions need to know this as part of their job requirement. However, to perform efficiently and to ensure that the spirit of the regulations is not lost under the monotonous and routine nature of mandatory compliances, professionals dealing with compliance need to appreciate the philosophy behind the regulations, widen their awareness of international trends and develop perspectives to ensure proper application of their knowledge to local realities.

To address this challenge, the Institute of Company Secretaries of India (ICSI) and Insurance Institute of India (III) have joined hands to create an academic course to create expertise in regulatory compliance in the Insurance industry. The course is in two parts: the self-learning part and the classroom training part. COI has created '**Virtual Training (CVT) Rooms**' for participants to complete the classroom training part from their respective locations.

Program Objectives:

- ❖ The objective of the Course is to create a cadre of Associates/ Fellows of III and ICSI professionals in the Insurance industry to be well versed in risk management, governance and regulatory compliances.

Program Deliverables: The Course covers matters relating to Risk Management, Governance and Compliance in the Insurance industry. This would include:

- ◆ Understanding the conceptual framework of insurance regulation,
- ◆ Awareness of the international regulatory scenario,
