

**College of Insurance
Insurance Institute of India, Mumbai
Risk Assessment in Chemical Industries
Program ID: CPS4
(From: 29th to 30th October, 2018)**

Relevance of the Program:-

The chemical industry has been always an area of concern for insurers due to the complexity of the operations involved. In addition to the normal fire and other loss exposures, the chemicals under processing can also cause fire, spread fire or even transform a small spark into a gigantic explosion. Many of the exposures relating to the chemical industry are complex due to these reasons.

Program Objective:-

This program is intended to understand risk as it exists in the chemical industry, challenges in assessing them, underwriting them and getting to know the complexities involved in settling claims.

Participant Profile:-

Engineers, Risk Management Professionals and Professionals working in property insurance including insurers, brokers, surveyors, customers of insurance and others interested in the area of risk management, underwriting and claims.

Program Duration: - 2 days from 29th to 30th October, 2018
