

Virtual Training Session on Liability Insurance – CGL and Non-Financial Lines (CVT-LI) 24th – 25th August, 2021

Liability Insurance is becoming a fast-moving line of the insurance market, which needs a responsive and up-to-date approach based on a detailed understanding of emerging risks and legal developments. Even though the premium collected under this line may not be significant, the losses that can result from this line of business can be immense, or even catastrophic. With the business practices changing rapidly and people becoming more aware of their legal rights, insurers should be ready to face liability claims from diverse scenarios.

College of Insurance aims to provide Liability insurers with a higher level of professionalism in their work, by providing them with a strong theoretical framework on Liability Insurance, focusing on Casualty and similar Non-Financial lines of Liability insurance.
