

Virtual Training Sessions on Management of Renewable Energy Insurance- Solar and Wind (CVT-MREI) - 21st January 2022

Indian government plans to establish renewable energy capacity of 500 GW by 2030. As of November 30, 2020, the installed renewable energy capacity stood at 90.39 GW, of which solar and wind comprised 36.91 GW and 38.43 GW, respectively.

The above describes the importance of Renewable Energy Sector on Indian economy and on Indian Society.

Like any other Sector, it has its own risks in the form of adapting new technology, managing generation, distribution and financial losses arising out of fortuitous incidences. One of the risk management tools is to transfer the risk to Insurance Companies. This transfer process needs some fundamental knowledge of technology, Insurance process including selection of correct policies, fixing Sum Insured, handling claims and such other related matters. This programme is aimed at imparting those knowledge to the participants.

COI has created '**Virtual Training (CVT) Rooms**' to conduct the above programme as a cost-effective mechanism for participants to equip themselves academically at their respective locations.

Programme Objectives: The Programme of three hours duration aims to make the participants aware of:

- Working of Solar Power plant, Wind Power Plant.
- Working of Major equipment and its protection systems
- Typical breakdown and loss scenarios in those power plants
- Typical insurance coverage

Participants Profile: The Programme is designed for Executives from Insurance Companies, Brokers, IMF, Surveyors and Customers / Marketing official / Corporate agents / Field Marketing force and officials of Thermal Power Companies and others involved in the area.
