

Virtual Training Session on Financial Reporting and Analysis – Life (CVT-FR&A) 28th-29th October 2021

Accounting, Financial Reporting and Financial Management are vital functions of any Insurance Company. It is essential that employees of the organization at all levels and in all functional areas possess reasonable knowledge about the Financial Reporting, Interpretation and analysis of financial statements and Financial Management. All the financial transactions happening in an Insurance Company culminate into the summary of accounts forms basis for Financial Reporting. It is necessary to study the various accounting standards, accounting principles and regulatory guidelines which are taken into account for preparation of Financial Reporting statements. The stakeholders like

Shareholders, Policyholders, Government Agencies, Employees, General Public, etc., look at the Financial Reports to know the performance of the Insurance Company. Therefore, it is important to understand the process of preparation of Financial Reporting Statements like Balance Sheet, Revenue Account and Cash Flow Statement.

The interpretation and analysis of Financial Reporting Statement is another area which deal with how to read and evaluate the performance of Insurance Company on the basis of these statements. The Financial Statements reveal lot of information regarding financial results, financial soundness of the Insurance Company which is essential for decision making. The Financial Management is another area which contributes for profitable working of an Insurance Company. It includes management of funds, budgeting, etc. The purpose of this programme is to discuss about the preparation, interpretation and analysis of financial reporting statements as well as Funds Management and Budgeting.
