

Virtual Training Session on Cyber Liability Insurance (CVT-CLI) 22nd – 23rd June 2021

The pandemic had made all of us more and more dependent on technology to reach vendors, customers, coworkers, superiors and subordinate. Data sharing is becoming inevitable to sustain in this new normal business world.

This technology dependence also brings new challenges to entrepreneurs and business houses. This has led to a large amount of data flowing in cyber space. In spite of using best encryptions and firewalls this data can be misused or unforeseen events can happen. Hence Cyber risk management and understanding the risk exposure brought by it become very important

function for risk managers as well as risk management solution providers. In today's time it's very important for all insurers and insured to understand cyber risk exposure and the entailing liabilities arising out of the same.

With this background, the College of Insurance aims to provide insurers with a strong theoretical framework on cyber crime and related Liabilities to bring in a higher level of professionalism in their work. COI has created '**Virtual Training (CVT) Rooms**' as a cost-effective mechanism for participants to equip themselves academically at their respective locations.

Programme Objectives:

The programme is designed to enable participants to:

- Scope of cyber risk
- Appreciate the difference between Cyber risk and Crime policy
- Issues and challenges in underwriting the cyber policy
